The uncomplicated design and unmistakable quality of the Select range can be easily transformed using colour and finish to embrace either conventional or contemporary living spaces.

This collection of living, dining and bedroom furniture with four very different wood options (as illustrated) allows you the versatility to be creative in your own home and select a look that will complement your décor and lifestyle choice.

The walnut option takes the simplicity of the Select design and mixes it with a striking natural timber to create the ultimate contemporary look. This distinctive walnut furniture will create a statement in your home, yet it retains a subtlety of design and a quality of finish that allows you to appreciate the true beauty of the product and gives it an integrity that will easily adapt to your changing lifestyle.
