Spirit Home Office Oak Range

Spirit Home Office is a contemporary range of home office furniture made from natural light oak veneer with solid features and clear lacquer finish, created as a stand alone collection and to complement the existing Spirit ranges.

Natural oak veneer is used and therefore graining may vary from piece to piece.

Care & Maintenance

Dust your furniture regularly with a soft, dry cloth.

Hot plates and cups can mark furniture even through a tablecloth, so please adequately protect the surface using table mats. Spillages should be removed immediately. Please avoid putting furniture in direct sunlight as this may cause it to age unevenly. Extremes of either dryness or dampness should also be avoided and we recommend that furniture is not positioned near heat sources such as radiators.
